

President's Message

It is an honour and privilege to have been elected as President of the Chester Caledonian Association.

The association strives hard to bring the best of Scottish culture to Chester and its surrounds, promoting friendship and fun. We also try to make a little bit of money that goes to help Scottish and Chester charities.

Your Committee is always striving to ensure that our events appeal to as many members as possible, but we do, of course, value your opinions about changes to events, ideas for new events or even charities that might benefit from our support.

Please let the Honorary Secretary, or indeed any committee member, know of anything you feel we should be doing differently. Thank you once again for your faith in electing me as President. I will do my best to ensure that the Association has yet another successful and enjoyable year.

Yours aye

Jim

Jim Lester, President
